

Extended Warranty Care

Extended Warranty Care is designed to keep your new pump running at peak performance. Including original wear parts and oil, it combines our extended warranty with the routine maintenance provided by your Leybold Service Engineer.

Lower total cost of ownership

Since regular maintenance keeps unexpected expenses to the minimum, our Extended Warranty Care ensures you enjoy the fairly low total cost of ownership for your vacuum pumps. Plus, every year you know exactly what servicing your new vacuum pump is going to cost you.

Protect your investment

Extendable up to 5 years, our factory warranty not only protects your new investment against unforeseen events but also covers all the preventive maintenance on your pump and as well as any repairs that might be required.

Good vacuum performance

Our professional service engineers have years of experience in vacuum pumps. Combined with original Leybold parts and oil, their expertise ensures your pump will keep providing peak vacuum performance long into the future.

Vacuum pumps' reliability

As a manufacturer, your vacuum supply is key to your business. But you've got more important things on your mind than servicing pumps. That's why it's a good idea to let us take care of your new vacuum pump from day one.

Leybold service – an expert and reliable partner

Maintaining your uptime and reducing the risk of production downtime is critical. Wherever you are, Leybold is there to support you as your vacuum service partner. Our Field Service Team and our fully-equipped Service Technology Centers are at your disposal.
